

BOLIG ID: COP-P146

Land til salg i C mpeta

 25,000

A small but level plot (app. 100 sq.m) on the edge of the village limits. It has beautiful views down to towards the coast and is only a few minutes walk from the village. It would be ideal for someone who at present has a town house but misses a garden. Irrigation system for water and could easily be planted with fruit trees and vegetables...
